- Web Design (BanglaDevs)
- PSD to HTML (BanglaDevs)
- SASS & Bootstrap (BanglaDevs)
- Web Development (Programming Hero)
- Several Android mini-projects using Room, Retrofit, Glide, Lottie (GitHub hosted)
- JavaScript mini-apps for DOM manipulation and local storage
- Live Project: Rentloo App (React Native) – Property rental listing application with UI components, state management, and API integration

## MOBILE APP PROJECT

- A** BariSeba : ReactNative
- B** BarnoiPos : Kotlin
- C** Softzee Ecommerce : Kotlin
- D** SmartPOS Print : Kotlin
- E** ToDo-App : Kotlin
- F** NewsApp : Kotlin
- G** EmployeeDetails App : Kotlin
- H** DivisionSearch App : Kotlin. & more.....

## PROFESSIONAL SKILLS

**Web, Mobile Application Development,**

- **Programming Languages:** Kotlin, JavaScript, PHP (Basic)
- **Web Technologies:** HTML5, CSS3, SASS, Bootstrap, JavaScript, jQuery, JSON, Ajax, React, Tailwind
- **Android Development:** Jetpack Compose, XML, MVVM, Repository Pattern, LiveData, ViewModel, Kotlin Coroutines, Local Caching with Room, API Response Caching, DataStore, Retrofit, Moshi, OkHttp, Room Database
- **Cross-platform Development:** React Native (Expo, CLI, NativeWind, Localization, Navigation, State Management, API Integration)
- **API Testing & Communication:** Postman, Slack
- **Version Control:** Git, GitLab, GitHub, Zera

## EXPERIENCE

**Associate Software Engineer**

Softzino Technologies

05/2024 - Present    Dhaka, Bangladesh

Softzino Technologies is a full-spectrum software development and IT solutions company that delivers high-quality, scalable, and sustainable software products to businesses worldwide.

- Developed Android applications using Kotlin, Jetpack Compose, XML
- Consumed REST APIs using Retrofit with Moshi, OkHttp
- Integrated caching mechanisms using Room & local storage
- Collaborated via Slack and managed API testing through Postman

**Web Designer/Developer**

WebDev Software Solutions,

11/2022 - 05/2025    Joypurhat

**WebDev Software Solutions** — A Bangladesh-based web and software development company delivering modern, scalable, and user-focused digital solutions for businesses worldwide.

- Developed responsive websites using HTML, CSS, JS, SCSS, and jQuery.
- Implemented client projects using WordPress and WooCommerce.
- Integrated custom features with basic PHP and used Git for version control.

## SKILL

**HTML5 • CSS3 • SASS/SCSS • Bootstrap • Tailwind • JavaScript • jQuery •**  
**React • React Native • Expo • CLI • NativeWind • Jetpack Compose • Kotlin •**  
**Kotlin Coroutines • MVVM • Repository Pattern • ViewModel • LiveData •**  
**DataStore • MVVM • Repository Pattern • State Management •**  
**Clean Architecture Backend & API REST APIs • Retrofit • Moshi • OkHttp •**  
**Ajax • JSON • API Response Caching •**  
**Local Caching with Room CMS & Web Tools: WordPress • WooCommerce •**  
**PHP • SEO Tools & Collaboration: Git • GitHub • GitLab • Postman • Slack •**  
**Zero Other Skills: Localization • Navigation • Efficient UI/UX Design •**  
**Problem Solving • Logic Building • Coding Proficiency • Motivation •**  
**Collaboration • Communication • Client Interaction • Time Management •**  
**Adaptability • Data Structures • Algorithms • Advanced Libraries**

## LANGUAGES

Bengali, Hindi, English

## HOBBIES AND INTERESTS

Exploring full-stack development      Solving coding challenges

Competitive programming

## EXPERIENCE

### Web Developer

Upwork.com

01/2023 - 01/2025

UpWork – A global freelance marketplace connecting businesses with independent talent across 10,000+ skills and serving startups to Fortune 100 companies.

- Built and delivered customized web solutions to clients worldwide
